

Greetings message to KKE on 95th anniversary

The Central Committee of the KKE,
It's a moment of great joy and inspirational warmth not only for the People of Greece, but for all of us around the world, celebrating the most auspicious 95th anniversary of the KKE.

The Central Committee of the Communist Party of Pakistan warmly congratulate from the core of its heart, the Central Committee of KKE, the KNE, PAME, member, sympathizers and the people of Greece at large on this great rejoicing occasion .

The sacrifices and contributions of the KKE for the people of Greece since 1918, the virtual liberator of Greece in the 2nd world war, the unprecedented magnitude of sacrifices endured during the civil war, militant fight against the military dictatorship, the resolute standing in the hours of deep despair and chaos, after the Soviet counter revolution in 1992, will always be remembered a mile stone and unforgettable contributions in the history of world's communist movement. Frankly speaking if it was not KKE, then quite possible the world's communist movement might never would have been rejuvenated. The present international solid-net body of the communist and workers parties is the sole achievement of the KKE. Similarly, the very pragmatic stand of KKE against imperialism, against anti-communism, its drive of solidarity with world's communist movement is also worth high appreciation. The KKE contributions towards, rejuvenation of world's peace and solidarity council, WFTU, WFDY etc., will remain great universal asset, on which the Greek nation will always be proud of.

Dear comrades,

Since, being bound in the international communist spirit, we rightly, also very dearly own your sacrifices and contributions for inspiration to fight for the right cause of Socialism and Communism, no matter, whatever conditions and hardships prevails.
