28/8 Vincenti Bldgs Strait Street Valletta

Comrades,

The Communist Party of Malta salutes the Communist party of Greece on the occasion of the 95th Anniversary from its foundation.

The Communist Party of Greece which was founded just after the Great October Revolution, has always adhered to the principles of Marxism Leninism and has since then, ceaselessly struggled, for the full emancipation of the working class in Greece, and had always been staunch internationalist, on the forefront, and gave its' support in all international struggles, since its inception.

KKE had been the leader in the struggle against fascism in the 1930's struggling against the Metaxas dictatorship, and during the Second World War were it was at the forefront of the armed struggle against the fascist occupation of Greece through the armed resistance that the EAM-ELAS guerrillas offered to the fascist NAZI invader.

Again in the 1946-1949, KKE struggled against the US and British imperialism who were intervening in Greece to help the bourgeoisie who started a civil war in Greece to wrest from the working class the gains and victories that resulted from the struggle and sacrifices made by the Greek people during the war.

The Communist Party of Greece was the catalyst for the unity within the international communist movement after the Gorbachev debacle, which led to the counter revolution that brought down the USSR and the Socialist Community in Eastern Europe.

Through these ceaseless struggles of the KKE today the International Communist Movement is marching forward under the banner of Solidnet, struggling for the downfall of the capitalist system.

A system that is in deep crises, trying unsuccessfully to save itself, by bringing about, misery, to the working populations throughout Europe, by the imposition of austerity measures.

Here again through PAME the KKE is leading the fight back in the defence of the Greek Workers, other Communist and Workers Parties are following its shining example.

On its 95th Anniversary the Central Committee of the Communist Party of Malta sends its warm fraternal greetings to the Leadership, the Central Committee and all the cadres of the Communist Party of Greece.

We are sure that KKE will be steadfast in the oncoming struggles and will continue to lead the working class in Greece to its final victory for the attainment of a Socialist society where exploitation of men by men will finally come to an end.

Long live Marxism-Leninism

Long Live the Communist Party of Greece.
